

Exquisite Healing Oils from OmVeda

An age-old Ayurvedic tradition - Herbalised Oils have been used for centuries to beautify the face, body and hair. In keeping with these time-tested rituals, OmVeda launches Saffron Oil and Brahmi Head Massage Oil, with ingredients harvested from treasured plants and elements of nature to repair damage, revitalise and renew. Brahmi Oil is a tonic for the scalp and the mind, enhancing concentration and serenity, while imparting a gloss to the hair. Considered a classic oil to beautify the face, neck and décolleté, Saffron contains valuable anti oxidant properties to address the overall health of the skin. For professional and home care use.

Zhav International Technology Tops Class

Congratulations are in order for Zhav International and their leading beauty technology innovation, Lumo Zhav Dynamic Lift.™ After the most stringent of testing - by the Therapeutic Goods Association of Australia, this unique piece of equipment has earned the T.G.A.'s 'Class 1 Medical certification, number 20080813 -DA 059623-11. For salons and end clients alike, there's simply no higher assurance of effectiveness. The news further blurs the line

between medicine and beauty, and points the way

forward, as clients demand higher performance from non-surgical beauty procedures. For further information contact Zhav International on + 61 (0)8 8362 0222.
