

OMVEDA brings tradition to the Salon and Spa

OmVeda lends an exotic feel and purely Ayurvedic touch to your salon or spa with the launch of their stylish and hand-crafted Treatment Tables. Referred to as Dhroni, the new **OmVeda Treatment Tables** are created from a single piece of medicinal Neem (Azadirachta Indica) wood to ensure strength and durability. Traditionally made in respect to shape, dimension and style, each table is adorned with carved decoration, embellishments of brass and is hand polished. Each table is supplied in two pieces (jointed) and measures approximately three metres in length and 75 cm in width. Also available are hand crafted Shirodhara stands made from Venga (Pterocarpus Marsupium Roxb) wood and featuring a beautiful brass inlay. **For more information please contact OmVeda on 1 300 662 363 or visit www.omveda.com.au.**

Hawley's new-generation Electric Files

Streamlining the nail technician's client service time, Electric Files have come a long way since they first appeared on the market over 20 years ago. Quieter, smoother and lightweight, Hawley has an impressive range of Electric Files with a machine for every budget and nail tech need, with accessories (bits) available for each and every application in varying sizes, shapes and grits. Hawley's latest technology, Electric Files from Kupa, work speedily to clean, smooth and shape the acrylic nail with bits being able to be fully sanitised. The range includes MANI PRO – lightweight with handpiece to suit and speed control ranging from 0-15,000 rpm in forward and reverse. Mani Pro Max – a compact electric file that's big on speed from 0-25,000 rpm also lightweight. KP 1500 delivers 25,000 rpm with minimum vibration and high torque. KP 3000 – premium quality with high torque and speeds of up to 30,000 rph. The Hawley™ Electric Files from Kupa are manufactured to international and AEFM member standards and each comes with a one-year warranty. The Nail Electric workshop forms part of the Hawley™ Illume™ Certificate of Excellence Course. Hawley regularly conducts training sessions across Australia. **For more information call (02) 8667 1700 or email info@hawley.net.au.**

Future-proof your skin

Alpha-H introduces **Liquid Gold Daily Poly-Oxidant Complex with Skin Lifting Peptides**. A gel serum containing poly-oxidants that effortlessly and swiftly firms, plumps, hydrates and gives skin a 'lift'. Perfect party companion, must-have 'morning-after' pick-me-up or to simply give sagging skin a boost, Liquid Gold Daily Poly-Oxidant Complex with Skin Lifting Peptides is a woman's new best friend. Liquid Gold is Alpha-H's world-renowned firming and resurfacing lotion; now these time-honoured ingredients are combined with the latest technology, to visibly firm and 'lift' skin. Not only will you see your skin lift, it will also benefit from the nurturing and youthful properties of Soy Proteins to boost collagen, keratin and elastin synthesis, Hyaluronic Acid to help skin retain moisture and Olive Leaf Extract for its powerful antioxidant properties and to help fight free radical attack. Size: 30ml RRP: \$79.95. **Phone Alpha-H on 1800 659 777 or visit www.alpha-h.com.**

vital tissue of the breast to give it the appearance of volume and tone. This is a natural ingredient that does not involve hormonal activity so it will not interfere with HRT or other medication. This is a unique and incredible product that will help retain and improve breast tissue for a more youthful appearance. **Contact Vogue Image Group on 03 9821 0033.**

BABOR prepares to launch Spa Around the World

The journey of discovery begins on the 30th August, when BABOR will launch its brand new exclusive range **"Spa Around the World"**. The new concept incorporates rituals and expertise from a selected region. KHANYA ENERGY BALANCE BABOR is a holistic treatment that is based on the continent's ancient rituals and traditions. KHANYA ENERGY BALANCE harnesses Africa's three different basic elements and attributes to place the mystical and mysterious journey into the "cradle of humanity" within reach of any guest - closeness to nature, mysticism and originality. Nature's elements such as lavastone, calcite and rose quartz awaken and harmonise the vital energies. Maracas, wooden African rattles, are used as harmonising massaging elements reminiscent of original dance rituals. Special techniques apply exfoliating masks and stand for power and stamina, rejuvenation and perfection. They are in alignment with the old, aesthetic and cosmetic rites of the Africans. In this way, guests experience a close encounter with African exoticism and mysticism. To find out more about this exciting new range you must attend our launch in August! **For more information call Babor on 1800 139 139.**

Breast Volumising Emulsion

Having a youthful décolletage means that the skin of the breasts should be smooth and firm. With weight loss and ageing, breast tissue can start to show the signs of ageing. Skeyndor have just launched **Breast Volumising Emulsion**. This soothing and hydrating emulsion is based on the state-of-the-art body-filling technology in skin formulations and supports the breast tissue to help improve skin texture and increase its volume naturally. It contains an extract rich in ribose, an essential sugar that stimulates the
